

WATERCON-2022

National conference on Dwindling Resources: Sustainable Water Management in Kerala With special reference to Groundwater

Date: 22-23 March 2022

MES Training College, Edathala Aluva organised National conference in collaboration with VVK and CERUM on Dwindling Resources: Sustainable Water management in Kerala in connection with the World Water Day on March 22, 2022. Mr, C.R. NEELAKANDAN, the environmental activist, Politian and writer inaugurated the national conference **WATERCON -2022**.The two day conference aims to understand the status of water resources in the state to seek sustainable solutions to combat ever increasing crisis. Researchers and students presented research papers. This conference was really a platform to share the knowledge, experiences, findings and other good practices in preserving water resources. Various Papers were presented by researchers all over India online and offline. Best paper was awarded to Mrs RENI K, Assistant professor in Natural Science Education of MES Training College. Students of MES Training college and MES Marampally college exhibited posters. Flash mob was conducted by the students of MES College.
